Play is as important to a child as work is to an adult. So many learning activities (toys) can be made at home with no expense involved. Work Jobs is an outstanding book which illustrates many of these activities.

The most important area

of my child development classes, whether it be on baby sitting, infant care, or understanding the toddler, is that of discipline. Discipline training and training begins in the infant stage. Feeding a child at the same time each day, putting him to bed at a set hour, enforcing time--these are the beginnings of discipline. Well, I do write a great deal of front-page news, and consider myself well-versed in the happenings of today; however, I step on enough toes just writing about sports! So, for now, this column will continue to concentrate on sports.

ELBA UPS RECORD TO 8-4

The most surprising team in the area continues to be our own Elba Tigers. Coach Hank Kennedy's team now owns an 8-4 record, and last week defeated two good teams in Opp and Georgiana. Elba posted a 3-20 record last season and most people thought the Tigers would be big losers again this year; but Coach Kennedy has instilled confidence in his team and it

shows on the court. Players in the spotlight last week included Mark Henderson and Kevin Goosby. Henderson, a junior, had scored only 67 points in 10 games while playing forward, but was switched to guard last week and poured in 31 points in two games. He was a spark the team badly needed! Goosby, only a freshman, scored 17 points and grabbed 10 rebounds in the win over Georgiana while playing against the Panthers' 6'7" center. If he can keep his head and keep on working, Goosby could have a big future.

Elba's next home game will be next Friday against Zion Chapel, and I urge everyone to come out and watch the Tigers

Kinston, which seems to be fading slowly into the West, claimed a big win on the road over Opp, but then dropped its third straight home game by losing to Pleasant Home. The Bulldogs, a perennial 1A power, now look like your average

Zion Chapel also had a 1-1 week; however, the Rebels again showed signs of life. The Rebs gave 2A Goshen all it could handle before losing, and then defeated a good Wicksburg club. I know it sounds as if I'm constantly saying good things about the 6-8 Rebels, but I swear they aren't that

New Brockton has got to be the top three-quarter club in Lakers & Nets post the state. The Gamecocks have been whipping folks all year for three quarters and then easing up late and either losing or getting scared! If New Brockton can play as hard for all four quarters as it does for two or three, it could be a 2A

Enterprise continued to be snake-bit, as the Wildcats lost another one-point game, this time to Dothan. WOOD SIGNS WITH USFL

Elba's Russ Wood made it official last week when he signed a pro football contract with the Birmingham Stallions of the new United States Football League. Russ got a good contract with several bonus clauses and could have a big year money-wise if he - and the club - have good seasons. Other Alabama players signing last week included Jeff Fagan, Scott Homan, Joe Beazley, Bob Cayavec and Gary Bramlett.

City Recreation Grant Gets \$45,000 Shot In The Arm

Thursday night, January 27, at City Hall and heard Recreation Director had received an additional \$45,000 to be ncluded in a recreation grant received

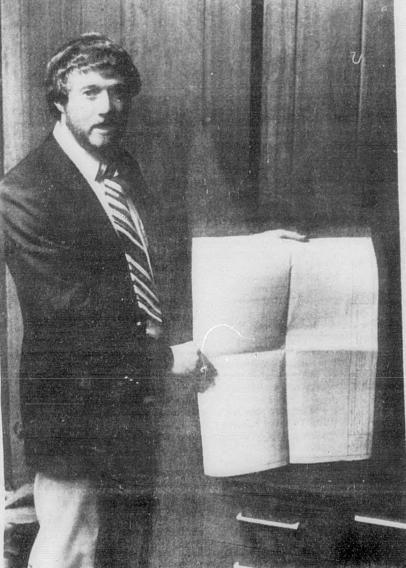

mendment to the original grant and will be a 50/50 matching grant with the city and state sharing the total amount. According to Smith, the additional unds must be used at the new Hawkins-Williams Recreation Park, located on Highway 125, and will be used to construct a building to house bathrooms, a concession stand and pressbox for facilities. The two-story ouilding will consist of approximatel 1200 square feet and will be a focal point for the new recreation park, which icludes three softball fields. onstruction on the structure will begin

ithin one month. The monthly meeting began at 6:00 p.m., with Director Dennis Smith and Board members Ricky Mularz, Betty Sauls, Gaines Waters and Lamar Kelley in attendance.

Smith told the members the board will formulate policies and goals of the Recreation Department and determine the priorities concerning recreation for the citizens of Elba.

After the board made minor changes o the layout of the new pressboxconcession building, it decided a monthly meeting would be held on the econd Monday of each month at 6:30

onstruction of the new softball fields was in the final stages, with all work completed except for grassing, the laying of concrete for sidewalks and fields would open in late May or June of this year. Before the meeting was adjourned, the board was told the bathrooms at Legion Field had been completely reworked, including the installation of tile floors and new sinks

County Ranks 6th In Collecting Child **Support Payments**

The State Department of Pensions and Security released last week its annual report of child support collections in Alabama during the 1982 fiscal year and the county by county list revealed that Coffee County ranks sixth mong the state's 67 counties. The report reflected an increase of \$1.1 million in collections over the

previous fiscal year. Collections in behalf of children receiving welfare benefits totalled \$7.5 million in fiscal year 1982, compared to collections of \$6.4 million in 1981. The Dept. of Pensions and Security attributed much of the increase in collections to changes in Federal and State laws allowing interception of tax efunds as payment on child support obligations. An increase in staff

assigned to the program, more efficient collection techniques and better raining of staff also contributed to the increase in collections. Every state is now required by the federal government to have a child support program, and most recipients of Aid To Dependent Children (ADC) are required to cooperate in securing child support from absent parents. Child support collections help to fund the ADC program, which provides small monthly payments to eligible families with children. District attorneys, private attorneys and judges assist the Dept. of Pensions and Security in the

nforcement of child support obligation The report released last week showed a ranking, by county, according to the average collection for each ADC child in the county. During 1982, Monroe County has the highest average collection, \$140.11 for each child receiving ADC. Cullman County ranked second with an average collection of

\$135.75 per child, followed by Lee County with \$128.02 per child.

'The state's high unemployment rate was a major obstacle to overcome in the Dept. of Pensions and Security's efforts to increase collections last year," stated Leon Frazier, the new commissioner of the agency. "Many parents from whom the agency collects support are unskilled or semi-skilled and are especially vulnerable to layoffs. Collecting child support during periods of high unemployment is difficult because many parents do not have the money to pay the support they owe." The following chart reveals how surrounding counties ranked in child

English said he had understood that due to the delay in completing the hospital project, the city didn't have to start making the payments until a later date. However, after much discussion English appointed Mrs. Frances Trammell to research the matter and report at the next council meeting exactly what the city obligations are in the matter. She was authorized to travel to Montgomery and/or hire legal
